Fatal Accident At Minden

CORNERSTONE OF COUNTY BUILDING LAYED BY PREMIER

Minden, Ont.—On Friday afternoon, Oct. 31st at 2:30 p.m., the Prime Minister of Ontario, the Hon. Leslie M. Frost, Q.C., L.L.D., D.C.L., laid the cornerstone of Haliburton County's new municipal building in Minden, the County town.

Beautiful autumn weather prevailed and a large crowd was on hand including a great gathering of school children to watch the proceedings.

Warden Harold J. Black, the Reeve of Dysart et al, was master of ceremonies and called on the Hon. Fletcher Thomas, Minister of Public Works, whose Department is superintending the building of the structure to speak.

Reeve Reg Booth of the Municipality of Anson, Hindon and Minden was then called on and gave a splendid address.

Then Warden Black called on the Prime Minister, who is also the member of our riding, to step forward. Addressing the crowd, the Premier spoke briefly of the rapid growth of the County and the necessity for more modern premises in which to transact the ever growing business of the County. Turning to the school children he said that some day it might be the privilege of one or more of them to someday open the copper box which he was about to place in a niche in the cornerstone.

This box contained a brief history of the county, a list of names of all the former Wardens of the County since 1874, the names of the members of Council of each of the municipalities in the County, some coins minted in 1952, a copy of the Haliburton County Echo, the only newspaper printed and published in the County, a letter written by the Prime Minister which reads as follows—

October 31, 1952.

To: whosoever may open this box in the future.

My Dear Canadian:

It is a privilege today, the 31st of October, 1952, to take part in the laying of the corner stone of this public building which will, among other things serve as a municipal centre in Minden.

It is a particular pleasure, owing to my intimate knowledge of Haliburton County, going back over thirty years, of which period I have had the honor of being the member for Victoria and Haliburton in the Ontario House. My first acquaintance with Haliburton County was in the fall of 1921 and it was indeed then a pioneer country. They community had come into being about sixty years before and indeed, there were then a few of the original settlers, who could tell about Haliburton from its commencement. In 1921 the roads were of a most primitive character. Outside of a small electric light plant in Haliburton village, there were no electric lights. The standard of living of the people was below average because Haliburton County was not an agricultural area in the real sense and the means of livelihood was very scanty.

Today there is a different Haliburton County. The principal roads and highways are paved. Electric power lines run to nearly all of the settled communities. Fine facilities for education are in being or being provided. The Haliburton of thirty years ago, largely an unknown pioneer community, has acquired continental renown as a summer playground and millions have been spent in the construction of tourists' resorts in the area. The whole standard of living has been changed and the future of Haliburton is bright indeed.

At this time, for those who may read this in the future, may I assert my confidence in the destiny of our country. I am glad indeed to have been associated in the progress of Haliburton. It has also been my great privilege to be associated with the development of our Province as Treasurer, Minister of Mines, and then Prime Minister of our Province of Ontario, which is characteristic of Canada, has made mighty strides since the Second World War and is now a world power in a very real sense.

The future of Canada with its mighty resources and with its fine people, is assured. Those who will live in the future in this land will enjoy benefits and a way of life which will surpass those enjoyed by us living today, but it is with pleasure that I say we who are living today live in a happy, prosperous land which must in this troubled world be an inspiration to those who live elsewhere.

May I express the hope that those who may read this letter in days to come will have, as I am sure they will, the same confidence in Canada which is characteristic of the people of the days in which

this letter is written.

Very Sincerely yours,

LESLIE M. FROST,

Prime Minister of Ontario.

Before concluding his address, the Premier declared Friday, Nov. 7th a holiday in all the schools in the County in honor of the occasion.

After the address the copper-clad box was deposited on the base and the corner stone was placed over it and sealed.

Before, during and after the ceremonies the combined Minden and Haliburton bands entertained the crowd with splendid music. They added a very lively touch to the proceedings.

CARNARVON

The Friendly Neighbors club met for its annual Hallowe'en party at the home of Mrs. Orville Harrison. A very gay and hilarious evening was spent with Mrs. G. Cowen taking a prize for the funniest costume dressed as a hobo, and Mrs. F. Chambers for the most original as arsenic and old lace. Mrs. H. Burton and Mrs. T. Chambers also received a prize during the evening's contests. A delicious lunch was served by the hostess.

The W.A. held a successful home baking sale on Saturday afternoon in the Carnarvon Bakeshop owned by Mr. Arch McKay.

Well, the hunt is on and the men are as excited as tiny tots on Christmas morning. Most of the local hunters moved up into their camps on Sunday with red caps and jackets flashing and hounds howling and we hope everyone gets his deer and uses his gun with caution in the bush.

Mrs. Ed. Harrison is spending a week with relatives in Toronto while Ed is away hunting.

Mr. Frank Chambers, Mrs. Bob Harvey Jr. and Mrs. Bill Chambers and Brien are having a few days holiday and shopping spree in Buffalo.

Mrs. Charles Skelding is spending a few days in Toronto.

REEVE HAROLD J. BLACK

Warden of the County who was director of ceremonies at the laying of the Cornerstone of the new County Building at Minden.

MINDEN YOUTH DROWNS IN GULL RIVER

Tragedy struck in Minden on Tuesday night last when Grant Lorne Stamp, 17 year old son of Mr. and Mrs. Fred Stamp was drowned in the Gull River in Minden.

Little is known as to how the accident actually occurred as he was alone in the car but it appears that for some unknown reason, the car went out of control while approaching the bridge on the north side of the river, crash-

ed through the guard rails and plunged into Gull River.

The young man who could not swim made a desperate attempt to get to safety, crawled through one of the windows to the top of the car and called for help.

A young Minden boy hearing his cries jumped into the water but before he could reach the car the current and cold had proved too much for him and he had to re-

turn to shore. Unfortunately Stamp was swept down the river to his death.

Drugging operations began immediately and within three hours the body was recovered when Harry Cowan of Minden spotted him in the water at the end of Earl Hewitt's garage.

The Funeral Service will be held from his home Friday afternoon at 2 p.m.

New Novel Written In The Highlands

It may be that the summer and scenery of the Highlands of Haliburton has had a real bearing on the production of the widely acclaimed new novel "Least of all Saints", for it was written for the most part on Echo Island on Boskung Lake, the summer home of the authoress, Grace Irwin.

Miss Irwin with other members of her family were among the first if not the first regular summer visitors to the Maple Lake area and later to Boskung Lake. In her girlhood days she took part in many a programme at church garden parties and other gatherings.

In Canada's Shrine

I stood midst the beauty Of a hallowed peaceful room, And saw where they had placed him, The unknown soldier in his tomb.

I thought of him a little lad With golden curly hair, What bright blue shining eyes he had This little son so fair.

And when to manhood he had grown, The call came loud and clear, To fight the cause of freedom, For the home land was so dear.

The many battles his to fight Are written in the stone, But all the battles that were fought Were his and his alone.

And now his body lies in state Until the trumpet call, He gave his life to Christ, who died A ransom for us all.

The book of memory covers him And on its pages lie, The symbol of a jewelled sword Bespeak of life laid by.

Here in the heart of Canada A bit of Holy ground, Mans dedicated life to God Within this shrine is found.

And as I slowly turned away From this our country's shrine I thought all this belongs to me, For Canada is mine.

—Mavis Noice.

Prominent Minden Resident Passes

Minden—The Community was saddened with the announcement that William Arthur Welch had passed away on Oct. 30th in his 71st year.

Bill, as he was popularly known was the eldest son of the late John and Elizabeth Welch. He was born in Minden on August 12, 1882.

As a young man he served his apprenticeship in the printing business with the late J. H. Delamere on the Echo. Then he went to Bolton, Bracebridge and Gravenhurst where he worked on weekly papers.

Returning to Minden he again worked on the Echo with the late R. H. Baker and in 1910 married Helen Peck. Shortly afterward he and Percy Peck went into the general store business in Minden and continued in business until the outbreak of war in 1914, when his partner enlisted in the army the business was closed for the next twenty two years Mr Welch worked for his brother S. W. Welch.

In 1942 Mr and Mrs Welch moved to Gravenhurst to assist their son in law in the taxi business there. They returned to Minden in 1948.

Four weeks ago he took a stroke from which he never recovered. The funeral was held on Saturday afternoon, Nov. 1st from St. Paul's Anglican Church, Interment in Minden Cemetery.

He is survived by his wife, three daughters, Enid (Mrs. Don Walker of Peterboro); Lois (Mrs. Richard Quinn of Thorold); Carol (Mrs. Wilmet Beers of Preston). Three sisters Mac (Mrs. W. MacArthur); Alice (Mrs. N. Clark) and Ethel (Mrs. N. Leigh), and four brothers Sam; Jack; Walter and Frank, all of Minden.

Kids Have Fun At Hallowe'en Party

The Haliburton Rotary Club held another successful Hallowe'en party at the Melou Theatre on Friday night last which of course was packed to the doors with children and grownups who were all dressed for the occasion. The various costumes made a very colorful sight in the Theatre.

Many different comedy pictures were shown to all present and the children really enjoyed them. Over 300 bags of candies were given out to the children after the show. These bags were made up by Dr and Mrs H. P. Bishop, Mr and Mrs Glenn Austin and Mr and Mrs Hugh Burke. Special prizes were also given out to the children with the best costumes. The Rotary Club are to be congratulated on putting on such a grand night for the children.

Remembrance Day Nov. 11th

This coming Tuesday is November 11th. On this day all of us will stop to pay tribute to those who paid the supreme sacrifice in World War I and II.

In Haliburton the usual Remembrance Day parade is scheduled to leave the new Legion Hall at 10:45 and will march down the main street to the cenotaph. It is expected that the parade of Legion veterans will be headed off by a massed band from Haliburton and Minden.

We might point out here that all members of the Legion and bandsmen are asked to be at the Legion Hall at 10 o'clock in the morning.

Ministers from the various churches of the village will be in charge of the service. The schools will lay wreaths at the cenotaph.

ter motored to Toronto on Saturday. Mrs. Booth and daughter left that evening for their home in Winnipeg.

Mrs. Lorne Robertson and Sara of Oshawa are spending the week with her mother Mrs. N. A. Leigh.

Mr and Mrs Jack Langdon of Dundalk spent the week end with Mr and Mrs A. Langdon.

Mr and Mrs McCarey and family spent the week end in Toronto.

PROVISIONAL COUNTY of HALIBURTON

Compiled by R. H. BAKER

CARDIFF TOWNSHIP

This township was surveyed in 1862, and was named after the town of Cardiff in Glamorganshire, Wales, noted for its castle and church, founded A.D. 1100. The town is situated on the Bristol Channel and was once surrounded by a wall in which were five gates none of the gates remain, but considerable portions of the wall, with a watch tower, are preserved on the Eastern side where the ditch has been cleared out and used for the bed of the canal. Robert, Duke of Normandy, son of William the Conqueror was confined at Cardiff for twenty six years by order of his brother, William II. In the time of Charles, Cardiff castle was betrayed into the hands of Cromwell by a royalist who led the troops into the castle through a subterranean passage.

Cardiff Township is the largest in the County, and has twenty-two concessions at the east side, along Hastings County boundary.

In 1871, the Moock Road was extended from the West to the Burlington Road, a road that had been built northward from Burlington to Peterborough County. The Corners, at the junction of these two roads was called Woods Corners, afterwards Cheddar, because a post office was established there of that name. Mr. Woods built a store and served meals and lodging to travellers. There was a blacksmith's shop and several dwellings. The walls of a building, erected for a town hall, stood there for years, but was once a nice little village gradually became a memory only after Mr. B. Woods store had been burned.

Mr. Wm. Ogalvie built a store and kept the post office at Deer Lake. He also had a blacksmith shop and controlled the business of the neighborhood until the L. B. and O. Railway was built to Highland Grove, where they soon had a large cheese factory and two stores, besides a shoe shop, etc.

At the south end of the township is situated the neighborhood known as Paudash, the present location of the Post Office of that name, which was at first established near Mr. Walter Kidds, some distance farther west.

The post offices in Cardiff are Cheddar, Paudash and Highland Grove, the last named having absorbed the business of Deer Lake and Leaside, it being on the line of the railway.

LUTTERWORTH TOWNSHIP

This township was surveyed in 1858 and was called after Lutterworth, a market town on the river Swift in Leicestershire, England, situated in the midst of a rich grazing country. The inhabitants were formerly obliged to grind their malt at one particular mill and their corn at another, but in 1758 this custom of feudal tyranny was abolished by a decision of the Assizes. Lutterworth is celebrated as having been the residence of John Wycliffe, Professor of Divinity in the University of Oxford, and rector of this parish in the fourteenth century, who wrote against some of the doctrines of the Catholic Church and particularly opposed the Popes supremacy, but being supported by John of Gaunt and some of the nobility who had personal disputes with the clergy, he was suffered to retain his preferment and propagate his opinions till his death in 1384. His works however were condemned at the Council of Constance in 1414, and in pursuance of the sentence pronounced against him as heretic, his bones were dug up and burned, and the ashes thrown into the River Swift. Since England became Protestant Wycliffe has been regarded as a forerunner of the Reformation, and his memory highly venerated, and at Lutterworth his picture occupies a conspicuous place in the church and his pulpit, his table his gown, etc. are carefully preserved as genuine relics of so extraordinary a personage.

During the early days of the settlement of this Township a good stopping place for travellers was found at Moore's Falls where Mr. Thos. Leary kept an hotel, also a post office of that name. These were in the days before the building of the Victoria Railway, when goods had to be brought to Minden by team. The post office, hotel etc., are now no more but a fine hotel and a number of tourist cottages at Miner's Bay are among the improvements of the present time.

The Post Offices in the Township now are Buller and Miner's Bay, the northern part of the township being served from Minden, while another part of the township is served from Kinmount.

The Ontario Government has established a practical school of Science at Gull Lake, in the township, where student surveyors and Forest Rangers are put through a practical course of training, under the guidance of professors from Toronto.

A Milestone of Progress

The laying of the cornerstone of Haliburton County's new municipal building in the County town of Minden marks another milestone in the forward march of the County.

As the Premier stated at the cornerstone laying, the means of livelihood in the County thirty or forty years ago was very scanty. What great strides our county has taken in the last two decades is evidenced in our fine highways, power lines reaching into every community and hamlet, great areas of beautiful vacation land made readily accessible to the tourist and splendid new summer resorts, new modern places of business and most important of all, a new vigorous outlook to the future. Let us all go forward with pride and vigour and confidence and make our Highlands of Haliburton County the greatest vacation playground in Canada.

Appreciation

This issue marks the start of the second year of the new "Echo".

It is just one year ago that the present owners purchased the Echo. At that time we decided to enlarge the scope of the paper to take in the County and we dedicated the paper as an instrument to serve you, the people, and to be a means of publishing the news and views of the County. Our news items are almost entirely made up of happenings within the County and will continue to be so. We have also strived to spread far and wide the beauties and charm of our Highlands.

While some of our editorials have been a trifle blunt at times, we have always strived to express our views with one object only — to boost our county and make it a better place to live in, and to be of service to you.

During this past year our circulation and advertising have more than trebled. While we have worked hard to achieve this, much of the credit is due to you, the readers and advertisers who have had faith in us and confidence in us and our paper. We are deeply grateful to you all and hope to show our appreciation by making "The Echo" a better newspaper in every way possible. Our chief aim will always be to be of service to you. We thank you, one and all.

Noted S.A. Officers
In Haliburton

During this current week The Salvation Army is conducting a spiritual campaign with meetings being held nightly in The Salvation Army Hall at 8 p.m. Visiting Haliburton for this occasion are Lieut.-Colonel and Mrs Joseph Acton, noted Salvation Army officers.

The plan for the remaining meetings in the Campaign are as follows; Tonight is Family Night Come along and bring the family. Tomorrow night there will be a young people's meeting at 8:45. This will be followed by a Holiness meeting at the usual time of 8 p.m. Saturday night will feature an Alaskan Demonstration. This demonstration will include pictures, curios, and an impersonation of a witch doctor in action. The Colonel and his wife will complete their campaign on Sunday, Nov. 9th. The plan for this day will be as follows: 11 a.m., Holiness meeting; 2 p.m. Sunday School at Donald; 3 p.m. Sunday School at Haliburton; 7:30 p.m., Gospel meeting.

Lieut. Colonel Joseph Acton was born in Birmingham, England, and as a young man won several medals playing football, but because of a knee injury this career was terminated. He then migrated to Western Canada, settling in Winnipeg, Manitoba, where he entered the employ of the civil service. In Winnipeg, he came into contact with The Salvation Army, and soon entered The Salvation Army College in Toronto where, after a course in training, he was appointed to the staff. In 1915 the Colonel was appointed to evangelistic work in various western Canadian towns and cities. His last appointment on this work was in charge of the Winnipeg Citadel Corps. Then came an appointment as Divisional Commander for The Salvation Army in Alaska and Northern British Columbia where six interesting years were spent at work among the Indian people. Other divisional appointments included Alberta, Northern Ontario (including Haliburton County), Newfoundland and Hamilton. In 1949, reaching the age of retirement the Colonel decided to keep up the work as an evangelist, and has conducted meetings for a week's duration in each of fifty five United States towns and cities as well as about forty Canadian Corps.

He has spoken to about a quarter of a million students, in Canada and the United States, as well as many scores of Service Clubs. Lieut. Brown, the local Corps Officer, informs us that the Colonel will be addressing the members of the Rotary Club at their meeting tonight and will also address the students of the high school assembly on Friday morning.

TOWNSHIP OF MONMOUTH
Provisional County
of Haliburton

Notice is hereby given that I complied with Section 8 of the Voters' List Act and that I have posted up at my office at Tory Hill on the 20th day of October, 1952, the list of all persons entitled to vote in the said municipality at Municipal Elections, and that such list remains there for inspection.

And I hereby call on all voters to take immediate proceedings to have any errors or omissions corrected according to law.

The last day appeal being November 10th, 1952.

Lloyd W. Watson

CLERK

DATED AT TORY HILL, OCTOBER 20th, 1952.

FOREST PROTECTION

DEER HUNTERS MUST SEAL THEIR DEER

Regardless of the fact that for several years deer hunters have been required to place a metal seal on their deer before transporting them, several returning deer hunters tried to "run the gauntlet" last year only to be apprehended by our enforcement officers and fined.

More severe measures are to be taken this year and all Conservation Officers have been instructed to confiscate all deer found being transported, which are not properly sealed with the metal seal supplied for that purpose with each deer hunting license. In addition to losing their deer, hunters will also be prosecuted if any such infractions are found this year.

ACCIDENT DON'T HAPPEN—THEY ARE CAUSED

This may sound to be a rather harsh statement, particularly in the minds of the person or persons involved in an accident. Nevertheless, when all of the evidence is sifted through, the finger may always be pointed to some foolish or careless act made.

The handling of firearms while on the hunt, or while in transport can be quite safe if those in charge of such arms follow all of the safety rules. Some of these are mentioned here.

1. Don't carry a loaded firearm in a car or other vehicle at any time.

2. Don't point a firearm at any person at any time.

3. Don't shoot at anything if there is the least chance of uncertainty of what is being shot at. (Too often a deer has turned out to be a man).

4. Don't carry a gun with the safety catch off, except when expecting to use it.

5. Don't pull a gun through a fence or other obstacles — always pass it through.

6. Never forget that a firearm is a lethal instrument.

These are some of the MUST requirements in the safe handling of a firearm.

"ALWAYS BE CAREFUL" is a slogan that will reap returns, whether it be referred to firearms, to the prevention of fires, or to driving an automobile.

The fine weather of Indian Summer which we have been enjoying for the past ten days has not resulted in any serious outbreak of fires in the Haliburton district. The leaf litter is at its peak and the frost action followed by the warm dry days has turned the bracken fern and other fuels on the forest floor into a very dry highly combustible stage. There have been many partridge and duck hunters out in the past few weeks and the approaching deer season will take a great many more hunters into the bush. We would therefore URGE ALL HUNTERS to continue to exercise every precaution with smoking materials and avoid lunch fires by carrying a thermos. Should we not get rain or snow before the hunt opens, the bush will be in a dangerous stage indeed and it would be unfortunate if a camp was called upon to fight fire and thereby reduce their chance of getting a deer.

Last week a new tank pump designed for combating forest and grass fires was demonstrated in this district. The pumping unit which is capable of developing water pressure of up to 600 pounds coupled with a low discharge gallonage, enables the unit to make maximum use of the 300 gallons of water storage. A shut off nozzle which is adjustable to a fine spray makes it possible to put every ounce of water to effective fire suppression. Other features, such as the addition of wetting agent to the discharge line, a four wheel drive vehicle, storage space for extra pumping units and hose, plus safety harness for carrying a suppression crew on the sides and the rear of the vehicle make it a most up to date compact and effective unit. The unit is to be demonstrated in all districts in the southern part of the Province this Fall so that personnel of the Forest Protection staff can see it work and perhaps comment as to improvements which would make it more suitable for jobs in their particular district.

Aviation Writing Contest

Ottawa, October 31 — Three newspapermen and a Toronto magazine editor have been named top winners in the first annual Aviation Writers Contest for Canadian writers.

The contest is sponsored by the Canadian Branch of the Aviation Writers Association and the Air Industries and Transport Association of Canada. Prizes totalling \$1,200 are given to encourage more complete and accurate aviation reporting in this country.

In addition to cash awards, each winner receives a plaque with a duplicate going to the publication in which winning articles appeared. Awards will be made at a special luncheon at the Seignior Club, Montebello, Quebec, on November 11 during the annual convention of AITA.

Olan Kent of the Toronto Telegram received highest marks in the daily newspaper section for a series of articles on jet fighter development at A. V. Roe Canada Limited, Toronto.

James Hornick came second for his "accurate and complete" coverage of many aviation events in the Toronto Globe and Mail.

Sir William Hildred of the International Air Transport Association and A.V.M. Allan Ferrier of the International Civil Aviation Organization were judges of this section.

Those judges reported "Mrs. Dorothy Rungeling of Welland and the Welland and Port Colborne Evening Tribune deserves special mention for effective, continuous and beneficial promotion of flying in that territory."

Robert Francis, Vancouver writer, was a winner in the Sunday supplement and weekly newspaper section. His winning article "Heyday for Helicopters" appeared in Toronto Saturday Night and described the part these machines are playing in the development of Canada's northland.

Jock Carroll, Toronto Bureau Chief of Weekend Picture Magazine was second for a Korea dated story on the RCAF Omar Levesque, first Commonwealth fighter pilot to shoot down a Russian built Mig-15 fighter.

G. W. G. McConachie, president of Air Industries and Transport Association was judge for this section.

Ronald A. Keith, editor of Canadian Aviation Magazine, Toronto, won top honors in the technical ad trade publications field. The judge, R. J. Churchill, executive editor of the London Free Press and the president of the Managing Editors Association made special mention of Mr. Keith's unbiased editorials on fighter plane production at A. V. Roe, when that company was receiving national criticism for lack of defence output.

Ross Willmot, public relations officer for A. V. Roe, was second for articles written in the company publication, "Jet Age."

Andre Saint Pierre, aviation writer of the Montreal La Presse was winner in the French language section, which was judged by Herve Major, president of Canadian Press.

MINDEN ROTARY

Minden Rotary changed its venue for this week so that all could take in the sumptuous Turkey dinner provided by the Ladies organizations of the United Church Owning to the large crowd attending that event the club adjourned to the office of Lorne Dawson when in place of the regular type of meeting a club assembly was held.

At this type of meeting where club policies and projects are discussed by all a committee was formed to take care of a Halloween programme for Minden children and the report of a committee that has done exploratory work on the establishment of a club in a near by town.

Haliburton W.A. Meeting

A large membership turned out to a W.A. meeting at the Parsonage on Wednesday, Oct. 22nd. Mrs. W. C. Kellett was in charge of the opening devotions. Scripture was read from Luke 15: 11-32 and hymn "He liveth long, who liveth well" was sung.

The theme of the program was on Christian Brotherhood. Mrs. Windsor also had an appropriate reading for Thanksgiving.

Following the roll call the minutes of the September meeting were read and approved. Chief business of the meeting hinged about the Bazaar, which was arranged for Friday, Nov. 21st and committees appointed for different tables.

The regular monthly collection was received and meeting closed with the Mizpah benediction. A light lunch was served by Mrs. W. C. Kellett and Mrs. G. Nichol.

Any lady in the congregation is invited to attend the next meeting on Wednesday, November 19th at the home of Mrs. J. A. Robertson.

The Local Sports Scene

The Haliburton Figure Skating Club are getting ready for the coming season. It is hoped that Mr. Price from Boskung will be the skating instructor this year.

We would like to announce that the Minden Monarchs hockey club will hold their organization meeting on Monday, Nov. 17th. The time is 9 o'clock and don't forget to attend. And let's not forget that everyone is welcome.

The hockey school is still on at the Haliburton Community Arena and it won't be too long before the players will be up at the arena warming up for the season. So now is the time for all to get out to this hockey school and get warmed up for the hockey season.

Mr. Bill Litchfield and Mr. Stuart Baker will fill in for Herb Baker the local recreation director who is at present on holidays. Messrs Jack Austin and Sugar Jim Henry attended the annual meeting of the Tri County rural hockey league last night (Wednesday). Some of the local hockey players are now away hunting at the various hunting camps. We hear some of the sport fans from Haliburton saying that they are going to Toronto for the Grey cup. Some will attend the game while others will watch it on television.

Solicitor for the Executors.

Lochlin Farm Forum

The Lochlin Farm Forum opened the 1952-53 season on November 3rd with a meeting at the home of Mr and Mrs Mervin Gilbert. The topic for discussion was farming as a career its advantages and disadvantages.

Among the advantages discussed were the healthy outdoor life close to nature the variety of jobs in a years work, the many opportunities to put your many skills to work and the friendliness of the country life as compared with that of the city where neighbors live side by side for 25 years without ever visiting each other.

Some of its disadvantages are the need of capital for a young man starting to farm and the difference in obtaining it and living all year on a once a year limited income.

Any person interested in starting a farm forum group in their community are invited to contact Orville Hicks of Lochlin or Chas. Tyler of Haliburton.

MESSAGE FROM THE PRESIDENT OF BRANCH 129, CANADIAN LEGION

The Executive Officers and Members of this Branch have asked me to express to the public our appreciation for the generous financial support we have received in past years through your donations on Poppy Day.

This year Poppy Day will be held on Saturday, Nov. 8. On that day taggers will be on the streets of Haliburton's various towns and villages and it is our hope that your response to our appeal will be as generous as ever. The Poppy Fund, into which your donations go, enables us to relieve the distress of many of our members' families as well as those of non-member veterans. The poppies and wreaths which will be offered you have been painstakingly made by crippled and bed ridden war veterans.

Remembrance of our Comrades who made the supreme sacrifice is to our members a sacred trust. Wear a poppy on Remembrance Day to show that your remembrance is every bit as steadfast.

LLOYD CONEYBEARE, President
Branch 129,
Canadian Legion, B.E.S.L.

MESSAGE TO THE CITIZENS OF HALIBURTON COUNTY

As warden of the County of Haliburton, May I request that all citizens observe Remembrance Day either by their attendance at Cenotaph Services or by the usual reverent silence at 11 a.m. May I urge also your most generous support of the Canadian Legion in their drives for funds on Poppy Day. Their effort to provide funds to help needy veterans and their families in our County is praiseworthy. Your donation on Poppy Day will help them reach their objective.

HAROLD J. BLACK,
Warden of the County of Haliburton; Reeve of Dysart Municipality.
